## CARS&TRUCKS

"This campaign is saying what we've always wanted said... I don't know why exactly, but our traffic has increased on a steady basis and people are coming in wanting to meet our spokesperson."

**Ron Thorstad, Thorstad Chevrolet  
Madison, Wisconsin**

"The TV Spots are low key but believable and that's the power of the whole concept. In addition, it raises the image of our dealership and sets us apart from every other dealership without putting anyone down. Our customers like that."

**Joe Self, Joe Self Chevrolet  
Wichita, Kansas**

"People are drawn to my dealership because of the personality in our television commercials. This program is having strong sales impact for Bobb Chevrolet, because of the fresh, straight-forward approach and our ability to back-up what the program has to say."

**Woody Woodworth, Bobb Chevrolet  
Columbus, Ohio**

"I don't know if it's the girl or what, but we're selling cars... and we're making money."

**Erin Peters, Erin Peters Friendship Ford  
Rock Island, Illinois**

"In just two months of exposure, this program has gotten us more favorable response from the public than anything else we've ever used."

**Bruce McGrath, Bruce McGrath Pontiac-Mazda  
Cedar Rapids, Iowa**

"This is more than an advertising campaign... it's a dealership attitude growth program."

**Jerry Koetting, Costello Ford  
St. Louis, Missouri**

"Customers tell me when they see our TV commercials, they don't forget them—and that's important with a limited TV Budget."

**Mike O'Daniel, O'Daniel Motor Center  
Omaha, Nebraska**

"We have been very happy with our 'Where You'd Send A Friend' Advertising campaign. If any of your future clients wish to contact us about your program, please feel free to refer them to me."

**Frank Summerson, Kent/Brown Chevrolet  
Topeka, Kansas**

## **Butler did it.**

Butler made the system that made this auto dealership possible.

And Butler systems can make the building you want possible.

They offer total design flexibility. So a Butler building

can be as tasteful and dramatic as any building.

Yet, it will also give you all the important time and money savings of systems construction.

To learn more, call the local independent contractor who can build one for you. See "Butler

Mfg. Co., Builder" in the White Pages. Or write Butler Mfg. Co., Dept. B-607, BMA Tower, Kansas City, Mo. 64141. 71644
